By A. Grace
I found the card designs too busy, but my style is more along the lines of Simple Scrapbooks. These cards take longer to make than advertised and a lot of the designs only seem to work with specific patterned paper and lots of fancy/expensive embellishments. I am more simplistic and minimalistic, but this book would probably be great for people with different styles.

Now you can delight and amaze family and friends on holidays and special occasions with your own hand-made cards. (Just don't tell them they only took 10 minutes to make!) In this clever book, you'll learn quick techniques for using coordinating patterned papers, tag inserts, stickers, word accents, and more, to create the kinds of cards that will be treasured forever. Topics include popular family milestones such as anniversaries, graduations, weddings, and births, along with thank-you's, get-well wishes, congratulations, and other sentiments. Features: * Create your own one-of-a-

kind cards in only 10, 20, or 30 minutes * Designs by NanC Co., Nancy Hill, author * More than 150 photos and easy-to-follow instructions * Tips throughout help with shortcuts * Supply list included for each project
