Buy Walker, Gould or Marschall's books By Ian Gordon Buy Brian Walker, Ron Goulart, Robert Harvey, or Rick Marschall's books all of which are better than this work. If you have to buy something by Horn get The World Encyclopedia of Cartoons which has the benefit of Rick Marschall's contributions. 18 of 19 people found the following review helpful. DO NOT BUY: It is rife with errors By A Customer "Bad history. Bad scholarship. And, even, bad criticism. ... But Horn's book is clearly not supposed to be a scholarly enterprise. review by Robert Harvey in May 1997 issue of INKS, a scholarly journal on cartoon and comic art studies.

of color comics; 300 bw strips. 8 7/8 x 11 7/8.

.com The definitive history of American newspaper comics. Encyclopedic in scope, richly illustrated in high resolution on very high-quality paper, and featuring A to Z coverage of every significant comic in the past 100 years. It's also a far bigger book than an on-screen image would lead you to believe. Very highly recommended to comics fans--and serious students of art history as well.
