It gave me a lot of ideas plus a lot of borders, cutouts, headlines (for dates), etc. There are 365 days to crop. I gave a the week of graduation to a friends daughter and she was able to create pages for each day of graduation week. There are pages for everyone and some I won't use. I highly recommend even if you don't like scrapbooking because it is so delightful to look at.0 of 0 people found the following review helpful. This is a Great GiftBy Papa SkiThis calendar is great for any scrapbooking friends. With a page a day that you can use to decorate pages or frame pictures people can build their supply collection quickly and easily. Even if the year has already started the value of the decorations on each page still make it worthwhile to buy and use.
