**Maggie Thompson, Brent Frankenhoff, Peter Bickford : 2010 Comic Book Checklist Price Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised 2010 Comic Book Checklist Price Guide:

3 of 3 people found the following review helpful. It says 2010 on the Cover, but the information stops at 2008.By John D. MooreI try to buy one of these every 2 years to stay current in the Comic Book field. The only difference between this edition and the 2008 edition are more issues listed to bring you up to 2009. There are no artist or writer information, or synopsis on these issues. Also many of the updated listings are wrong. I will not buy another one from this company.0 of 0 people found the following review helpful. Easy to navigate and the prices seemed well

researchedBy Lou L.Provides accurate pricing for all current and past comic books. Easy to navigate and the prices seemed well researched.0 of 0 people found the following review helpful. Huge amount of many collections.By WolvieVery extense, but It's basically useful to look for some price from time to time, only a list of numeric values and I think It could be more ilustrative of other aspects of the comics

"The 2010 Comic Book Checklist and Price Guide" is the number 1 tool for helping comic book buyers value and track their collection. Hollywood continues bring comic book characters to the big screen with blockbuster success ("Spider-Man", "Dark Knight", "Iron Man", and "Fantastic Four"), and that love affair is bringing even more attention to the hobby. That attention, in turn, has catapulted comic books to new levels of interest. Now, more than ever, information on collectible comic books is so very important. That's why, year in and year out, serious comic book collectors turn to "Comic Book Checklist and Price Guide" for guidance. Whether the reader is new to comics or is a seasoned collector, the book is positioned to help. An easy-to-follow checklist format allows collectors and dealers to easily identify and assess comic books. Organised alphabetically by comic book name, listings include cover dates, creator information and near mint prices for comic books from 1961 to the present. This title includes: listings and updated prices for more than 110,000 collectible comic books; comic books from 1961 through today, with complete content, allowing collectors to find whatever they're looking for; respected and experienced sources; checklist format for maintaining an inventory of comic book collection; an eight-page full-colour grading guide; valuable collector information including auction prices realised; and, new feature on hot comic books written by Captain Comics, a national syndicated columnist.

About the AuthorMaggie Thompson is the senior editor of Comics Buyer's Guide, the monthly magazine that links comics creators, suppliers, and readers. One of the founders of comics fandom, she is a long-time, widely quoted expert.
