There are many original applique designs that look like American Folk Art. you have to enlarge all of the designs on a copier 200%. With 318 blocks, it makes sense..if they were full size, the book would be 3 inches thick. I love anything Japanese with their unique sense of whimsy and creative way of mixing fabrics. There aren't a lot of

color pictures, but she gives enough examples to get you started. This book will be a wonderful addition to your library.0 of 0 people found the following review helpful. i love this bookBy MollieLollieSuch wonderful and varied patterns.
