I was underwhelmed when I received it. It's a combination of overly simple and re-makes of patterns that are already out there. If you are a beginning sewer you might enjoy this book, otherwise I would not recommend it to an experienced crafter.2 of 2 people found the following review helpful. Four StarsBy CustomerI Love fat quarters- This gave me some good ideas

Fat quarters aren't just for quilters! All sewers love these inexpensive pieces of fabric and this book shows you how to create 50 fabulous projects from your stash. This unique collection of 50 quick-and-easy sewing patterns includes contemporary ideas for DIY home decor, accessories, gifts and more--all made using fat quarters. Projects range from instant fixes like coin purses needing just one fat quarter, to quilts and wall hangings that need up to 10 fat quarters which will really bust your stash! 11 talented designers from across the blogosphere contribute their patterns - including cases and cosies, bags and baskets, pillows and playmats, quilts and clothes - to this desirable, super-value package, that like the fabrics themselves, just begs to be taken home! US bloggers featured include Kevin Kosbab and Cynthia Shaffer and Kaye Prince from Canada.

About the Author Elizabeth (Liz) Betts runs Quilty Pleasures, a quilt studio/shop based in her home town of Brighton and Hove. As well as supplying quilters with everything they need to make a quilt, she teaches workshops, writes for magazines and gives talks on the subject. Liz has a background in printed textile design. She is a member of the Quilter's Guild and was invited to exhibit one of her own quilts at their stand at last year's Festival of Quilts.
