Creating Keepsakes : 50 Moments before purchasing it in order to gauge whether or not it would be worth my time, and all praised 50 Moments:

1 of 1 people found the following review helpful. Love this book. By Sue from AusI recently ordered this book as a gift to myself. I absolutely love it. I spent days reading a few suggestions each night and reflecting on them in relation to my own family and life in general. It is a good starting point for scrapbooking and recording some of the important things in life. 1 of 1 people found the following review helpful. Five Stars By Terry Murphy Excellent 5 of 6 people found the following review helpful. Full of inspiration and ideas! By Terri CI enjoy this book very much. Even though it is a book of scrapbook layout ideas, I found myself reading like it were an autobiography - which is a great testimonial to the usefulness of this book! It is full of wonderful and uplifting topics to scrapbook such as family bonds, joys and coping with fears - real life things. I like that the layouts look easy to create and can be achieved traditionally OR digitally. It's 160 pages and there is a list of all the fonts and supplies used in the last few pages,

which I love!

Lisa's last 8 books have sold a total of 725,000 copies. Helps to pin point the 50 most important moments that should be scrapbooked. Includes 150 thoughtful prompts questions for bloggers, journal keepers, family historians, teachers, writers more. Includes dozens of inspirational quotes. 150 brand new scrapbook page ideas.
