**Sheila Okun : A Book of Cut Flowers** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Book of Cut Flowers:

1 of 1 people found the following review helpful. A book of Cut FlowersBy Jan WilsonI got this for my mom for Mother's Day. She is thrilled. My folks had a beautiful yard full of flowering bushes. Now that she is in a retirement village with limited planting area, she is excited to have this to help her pick the right flower. I was surprised this book is so big. It's the probably 8 x 10 inches. A friend of mom's has a much smaller edition, probably 4 x 5 inches. It would have been nice to have the size included in the description, in case I had a choice.0 of 1 people found the following review helpful. Captured RealityBy DorotheaThe Artist, Nancy Close, has captured every nuance of the God-created colors in each petal, from A to Z. I purchased the framed The Avon Garden of Lilies and immediately sought to artist on the Internet, where I discovered this edition. After contacting Nancy Close, I was more than pleased to buy the book. I am now framing the illustrations to decorate my office.0 of 0 people found the following review helpful. A fresh delivery.....By Ima CoffeebeanI love this little book! It's a cheerful tribute to your favorite garden flowers from Acacia to Zinnias. Each flower is illustrated in an accurate, color drawing and is accompanied by a engaging description and suggestions for use in floral arrangement. A warm and charming book any time of year, and a wonderful gift.
