Fiona Ferris : A Chic and Simple Christmas: Celebrate the holiday season with ease and grace before purchasing it in order to gage whether or not it would be worth my time, and all praised A Chic and Simple Christmas: Celebrate the holiday season with ease and grace:

4 of 4 people found the following review helpful. *A Thorough Guide to Your Ideal Christmas* By Michelle I highly recommend this book. It is full of wonderful tips. I adore her ideas and will likely incorporate many of them into my Christmas 2016 because I too embrace simplicity and want to enjoy this often hectic holiday more. Even though she encourages the reader to create the holiday of his or her dreams, she, herself, seeks simplicity and offers direction for a simple December and January. Buy this book now! You will definitely want it to revolutionize your next holiday season as well.

5 of 5 people found the following review helpful. *Honest and Sincere* By Jon I just read every word of this beautiful book and it felt like a loving friend was holding my hand and saying it's okay that Christmas stresses you out, it's okay if you don't love everything about Christmas. It was such a relief to read this book. I'm glad I gave myself permission to disappear from family for a bit and relax and read it.

0 of 0 people found the following review helpful. *Simplicity* By A Having Christmas jitters, I naturally gravitated to this book. I find Fiona's writing style to be easy going yet packed with valuable insights. It's not that I don't know these things, but I appreciate the organized way in which Fiona reminds us. Her closing words on "simplicity" especially resonate with me. Reminded me of the Quaker song " 'Tis a gift to be simple. 'Tis a gift to be free." Thank you Fiona.

I wrote 'A Chic and Simple Christmas' because I wanted to find out the reason why I simultaneously looked forward to the holiday season so much, but at the same time dreaded it as a time of stress and anxiety. The Christmas of my dreams was a chic and simple affair full of joy, but the reality wasn't nearly as much fun. It was stressful! This book deconstructs just why this was, and details how to create a holiday season that will not only make you happier, but also more enjoyable for your loved ones. No matter the time of year you are reading 'A Chic and Simple Christmas', whether it is the second week in December or the middle of April, it is never too soon to starting thinking about your ideal Christmas holiday season. Work out what you would like to experience, and start creating and planning for that. If your holiday season experiences don't quite match the idyllic vision you have in your mind, I would love you to be inspired by 'A Chic and Simple Christmas' where I share how to create a holiday season you will love.

About the Author Fiona Ferris is passionate about, and has studied the topic of living well for more than twenty years, in particular that a simple, beautiful and successful life can be achieved without spending a lot of money. Fiona finds inspiration from all over the place including Paris and France, the countryside, big cities, fancy hotels, music, beautiful scents, magazines, books, all those fabulous blogs out there, people, pets, nature, and other countries and cultures. Fiona lives in beautiful Auckland, New Zealand, with her husband, Paul, and their two rescue cats Jessica and Nina.
