Great addition to my libraryBy Susan RichertThis book is a quick guide to a different technique in combining colors and patterns. Ali's insights are always helpful and informative. She looks at everything in a unique way. This was a purchase well worth the money!

Scrapbooking with patterned paper has never been easier! In her second book, Ali Edwards shares her designer secrets for how to choose and use patterned paper on your layouts. For quick and easy reference, this book is organized into chapters by patterned paper type (circles, florals, text and geometric). Each layout includes a sketch to give you instant

ideas on how to translate Ali's designer look to your scrapbook pages. In this book, you'll also learn how to: Embrace the fun of working with patterned paper (it is so not scary). Choose the patterned paper that best expresses the story you want to tell. Mix and match a variety of patterns to create totally cool and timeless layouts. Store and organize your paper for easy access. Create meaningful and well-designed pages with patterned paper scraps from your stash. Select page embellishments that work with, rather than overwhelming, your patterned paper. PLUS! Get 8 exclusive patterned papers designed by Ali with this book!
