0 of 0 people found the following review helpful. Not what I expected By Stacy Escobar I wanted to learn more about the history of the Sandwich Glass company. The items I was looking for are not in this book. There are many volumes, and no index to choose the correct book. There should be a master index that shows you which book to find what you are looking for. It's hit or miss. 0 of 0 people found the following review helpful. Four Stars By yeeware Nice quality. Great info. 0 of 0 people found the following review helpful. love it By richard dana Great

From Volume 1, a comprehensive guide enhanced by 252 color photos plus numerous documents and illustrations.

The photos are accompanied by measurements, approximate date of manufacture, and captions that detail production methods. This guide includes the Lacy glass long recognized as a Sandwich product but placed in context as being only a small part of overall Boston and Sandwich Glass Company manufacture.
