I have been furiously studying all things soap now since I went to a class this past October. I've read several books and I have to say the organization of information in this book is the best I've found yet. With this I have come up with a few of my own recipes with a clear understanding of why I'm doing it. I am a very new soaper, and I can see referring to it over and over as I move on in the soaping world. 16 of 18 people found the following review

helpful. Marginal at best

The book contains the same information better presented in videos on YouTube. The only picture is the cover and while yet another description of essential oils and base oils may be required reading in any soap book, I thought it read more like a weekend writing assignment than a well thought out technical manual or presentation of amazing products. There are many other well-written books out there than this one.

This book is an all around general information text for cold process soap making for the intermediate soap maker. It's okay for reference. No photos at all.

Enter the world of progressive cold processed soap making through *Advanced Soap Making: Removing the Mystery*. As if you were attending one of their private classes, the authors, Mary Humphrey and Alyssa Middleton lead you through step-by-step instructions, tips and formulas: * How to create unique soap formulas and size the formula to any mold * How to make luxurious goat milk soap * How to beautifully swirl and layer * How to blend natural scents like a pro * How to embed and rebatch natural soaps You will also gain extensive knowledge of common and exotic soap making oils, butters, herbs, unique liquids, hardeners and waxes. The glossary and resource guide erase any remaining advanced soap making doubts with easy to read terminology and locations to shop for ingredients, packaging and other soap making needs. Praise for *Advanced Soap Making: Removing the Mystery*: "*Advanced Soap Making: Removing the Mystery* is a comprehensive look into advanced techniques for making cold process soap loaded with recommendations, tips and best practices. Mary and Alyssa have created an easy to follow resource, sure to help you take your soap making to the next level!" - Maia Singletary, Astrida Naturals Mary and Alyssa have pulled together a great book for the more experienced soap maker! Their combined experience and helpful tips are enough to make this book well worth the read for someone who is interested in taking their soap making skills to the next level." - Robin Schmidt, Dragonfly Handmade Soap [Mary and Alyssa] have really done a great service to the soap industry with this book. If I had found this book a long time ago before buying all sorts of others, reading Yahoo groups, Facebook groups, etc, it would have saved me a lot of time! I think this does take the mystery out of soap making." - Ann McIntire Woledge, Wingsets
