**Sharla Race : Advent Calendar Colouring Book: 24 Christmas Mandalas** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Advent Calendar Colouring Book: 24 Christmas Mandalas:

With a traditional advent calendar you open a window, maybe get a joke or a piece of chocolate or simply a tiny picture. With this alternative type of advent calendar you get to relax and have some down time... Each of the twenty four mandalas has a page to itself so you can colour without damaging the next design. Suitable for adults and young people. There are no numbers on the pages so you can choose which Christmas Mandala you feel like colouring in that day. If you enjoy colouring why not also try the Advent Calendar Colouring Book No. 2 or No.3.
