Todd Oldham : All About Collage (Kid Made Modern) before purchasing it in order to gauge whether or not it would be worth my time, and all praised All About Collage (Kid Made Modern):

3 of 3 people found the following review helpful. Great for all ages! By SBLove this book!...especially the paper frock (having owned a paper dress in the 60s!) The packing tape postcards are fun and easy to do with kids as young as 3 and the results are awesome! The "paper pattern pop" project is a great way to shake up last year's band posters in a college dorm room! Although the book is project oriented the techniques are a springboard for lots of collage based stuff. The book is not huge but its 29 pages are chock full of color photos that will inspire young and old DIY-ers!

The ALL ABOUT series from "Kid Made Modern" celebrates, demystifies, explains, and defies classic craft and art techniques and materials. ALL ABOUT COLLAGE explains the many facets and possibilities of the wide-open world of collage. The 10 new projects range from a new take on family portraits to cut-out iron-ons, the kind used to repair

torn pants, applied in fun patterns on t-shirts, with most of the materials lying around the house!

About the Author Distinguished as an innovator of accessible design, Todd Oldham is the founder of Todd Oldham Studio, a full-service design firm. Originally a New York fashion designer and host on MTV's "House of Style," Todd's career has evolved to include all areas of design, from interior design, film, and photography to furniture, graphic art, and product design. Todd is also the author of several books, including "Charley Harper: An Illustrated Life," "Wayne White," "Kid Made Modern," "Hand Made Modern," and "Joan Jett."
