Robert H. Ross, Marjorie Ross Reinhardt : Ancient Persian Designs in Needlepoint: 27 Color Plates and 57 Graphs before purchasing it in order to gage whether or not it would be worth my time, and all praised Ancient Persian Designs in Needlepoint: 27 Color Plates and 57 Graphs:

The color plates are coming out because I like to browse them so much. The designs here are authentic and there is a good discussion of the origin of the designs whether Persia, the Caucasus, Afghanistan or Baluchistan. The author identifies even the tribes. He discusses how the graphs can be used for needlepoint, cross stitch, afghans or even actual rugs. Highly recommended.
