before purchasing it in order to gage whether or not it would be worth my time, and all praised Angels and Cherubs Stained Glass Pattern Book (Dover Stained Glass Instruction):

MalletteUnlike a lot of other pattern books, in which I like maybe two or three out of all, this book is loaded with beautiful, usable images. I use the patterns for paper mosaics and the two I've made so far are quite lovely. I've pulled out eight so far that I love and am getting a lot of value for the money!0 of 0 people found the following review helpful.
