started using my welder. It saved me a lot of time and effort. This book is about arc welding only, so if that's what you're going to do then this is the book for you. 0 of 1 people found the following review helpful. Get started. By MobieOneGood for the starting basics. A couple of the illustrations could be a little better. It was nice as a quick read.

Anyone Can Weld is a easy to follow manual that teaches the fundamentals of welding by using simple step-by-step instruction with the aid of useful diagrams. My straight approach style eliminates confusion and will have you welding in no time. If you want to learn how to weld then this manual is for you.
