**Carolyn Relei : Arts and Crafts Stained Glass Coloring Book** before purchasing it in order to gage whether or not it would be worth my time, and all praised Arts and Crafts Stained Glass Coloring Book:

0 of 0 people found the following review helpful. Five Stars By M. Heath Good stained glass book for markers. Easier coloring for elderly person. 0 of 0 people found the following review helpful. Arts Crafts coloring book By Kris M. These designs are really lovely when completed. 16 of 21 people found the following review helpful. thick and dark By wogan I bought this for someone who has enjoyed colouring mandalas. The designs are great but sometimes there is so much black around the design it is distracting and the lines are so close together in some of the patterns, the colour does not shine through. You also have to use felt tip markers to make the design look good - that uses a lot of felt tips. The background of the transparent areas is a light gray so that also mutes any colouring done.

Adapted from authentic stained glass works of the Arts and Crafts period, these sixteen boldly outlined designs depict a variety of stylized floral motifs. Images include willowy, long-stemmed blossoms; delicate water lilies; dainty primroses in a simple floral frame; a garden with a cloistered mission in the background, surrounded by a rococo frame; and much more. Just apply color with felt-tip pens, crayons, or paints, and a glowing stained glass effect appears when the finished picture is placed near a window. Pages are perforated for easy removal.
