www.bsmartnplay.com When developmental games come out of the book, fascinating things happen. B SmART 'n PLAY is a game method that gathers 6 developmental areas into one colorful and engaging package. An innovative practical method of playing for multidisciplinary learning and development, that allows a broad response to the

variance that exists among children and stimulates creative thinking among children, professionals, parents, and caregivers. All the games are multitasking/ diversified games based on recycling. The SmART games place a premium on the six developmental skills. A holistic approach that enhances the children's s fine, gross, and sensory-motor skills, as well as their cognitive, emotional, and social development.
