However they have easy to use patterns and a nice image giving an idea of colors for each.0 of 0 people found the following review helpful. Excellent serviceBy Abby MachamerAs advertised and like new!

A great selection of 25 patterns for making beautiful stained glass panels of backyard birds. Suggested color keys are included for each design. The selection features common species--cardinals, goldfinches, and chickadees--as well as hard-to-find patterns for less-common birds.
