From Brand: Abbeville Press : Batman in Detective Comics: The Complete Covers of the First 25 Years (Tiny Folios) (v. 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised Batman in Detective Comics: The Complete Covers of the First 25 Years (Tiny Folios) (v. 1):

5 of 5 people found the following review helpful. very interesting...very tiny.By Tony S.I am a moderately new Batman memorabilia collector so I could not pass up the chance to not only view but own copies of the Batman covers for the first 25 years. This tome does deliver as far as that is concerned. One thing I did fail to notice (I blame myself for this) is the size of the book: 4 inches x 4.5 inches! Tiny folio means just that. The art is still colorful. It is easy to read all of the print. It also includes all of the Detective covers prior to the introduction of Batman (which was really cool). The covers run all the way to 1963 so this publication allows the "reader" the opportunity to appreciate the transition of Batman during his early years. There is a nice, informative intro by Joe Desris. All in all it is a very interesting collectors item. To bad it is so damn TINY!0 of 0 people found the following review helpful. This book shows covers from Detective 1 through 300.By Wendy H.This is a great addition to the collection of any Batman fan. This book provides large, clear images of the first 300 covers of Detective comics, many of which are copies from the

famous Mile High collection. It is also great to be able to see those covers at a glance, without having to pull those comics out of my collection. I would like to thank Joe Desris for putting this book together, so that people can appreciate those truly beautiful covers. 0 of 0 people found the following review helpful. What is inside the book. By A Customer This is a great book for beginning Batman fans. I am an obsessed Batman fan. This is the very actual book that got me to really like Batman. Just by looking at the covers you can actually learn a lot about Batman and his fantastic adventures. So if you want to find out about the "earlier" Batman, check this book out!

This work incorporates the first 300 Detective Comic covers which feature Batman from 1937 to 1962. This collector's volume is launched in the Tiny Folio series. Created by Bob Kane, the Caped Crusader takes on Gotham City's most nefarious archcriminals in 25 years of comic book covers. Along with his sidekick Robin, he matches wits with the Joker, the Penguin, the Mad Hatter, Catwoman and countless other enemies. One cover features the origins of the Batcave, another Batman's collection of Batarangs. This collection is intended for the serious collector or anyone who is interested in the first 25 years of the popular masked superhero.
