From Northern Bee Books : Beeswax Molding Candle Making by Taylor, Richard (2012) Paperback before purchasing it in order to gage whether or not it would be worth my time, and all praised Beeswax Molding Candle Making by Taylor, Richard (2012) Paperback:

0 of 0 people found the following review helpful. OverpricedBy BethanyI'm sure the information will be somewhat useful, but the pictures are lousy and it's overpriced.We're disappointed.1 of 3 people found the following review helpful. Mr. Richard Taylor - I should have bought your ...By estelito m. quimioMr. Richard Taylor - I should have bought your book BEESWAX MOLDING AND CANDLE MAKING earlier. It is a thin book packed up with bulk of information. I expect it to be my reliable side kick in my candle making. Thanks to where I bought it.Mr. Lito M. Quimio8 of 8 people found the following review helpful. 38 pages long with poor quality photosBy Kindle CustomerAlthough the content of the book might be good, overall it is very poor value for money. Only 38 pages long with photos that look as if they have been photocopied a few times in succession before putting into the book, hence they are poor quality. At \$15.20 this is not a good buy.
