Amy Karol : Bend the Rules with Fabric: Fun Sewing Projects with Stencils, Stamps, Dye, Photo Transfers, Silk Screening, and More before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bend the Rules with Fabric: Fun Sewing Projects with Stencils, Stamps, Dye, Photo Transfers, Silk Screening, and More:

25 of 26 people found the following review helpful. Karol does it again! By S. Graham Amy Karol has written another accessible, practical, and well-designed book, this time focusing on fabric dyeing, embroidering, and silk screening rather than beginning level sewing. Just like her other book, Bend the Rules Sewing, the instructions are clear and complete and the projects are charming and hip. The advice about stabilizing fabric was wonderful, and completely

changed the results I've had with fabric paint for the better. I've enjoyed trying out bleach-pen decorating and making a tote out of watercolor-style fabric, and can't wait to try more of the projects. I also can't speak more highly of the photography--actual photos of finished projects are essential in books I purchase (no, a drawing will not do!), and this book not only those but also photos of important intermediate steps. Another winner! 0 of 0 people found the following review helpful. Simple, but OK By creative girl Maybe it's because I have been sewing all of my life (a long time!), but the book was rather simplistic. If you are a newer sewer, I think you will enjoy this book and get some ideas from it. If I could have checked it out from the library and seen it first, I wouldn't have bought it. For newer sewers, there will be inspiration and projects to get you going. 1 of 1 people found the following review helpful. Love Love Amy Karol!!! By amy karoly I so love Amy Karol's books! She is an inspirational author and crafter! If your feeling a little "stuck" in your crafting spirit then pick up this book or any of her others! I originally bought her first book because of our names being so close (not the best idea) and I loved it!!! Have since become a fan of her blog and maybe even a bit of a stalker (in a crafting kind of way, not the weird bald guy kind of way!) This book has really fun ideas that you'll use over and over again!

You've bent all the rules with sewing, so now what? It's high time you made your own fashions even more you with Amy Karol's next craft revolution: Bend the Rules with Fabric. Using simple, high-impact techniques: painting stamping dyeing silk screening photo transfer You'll learn everything you need to know to turn a plain piece of fabric or a garment into the perfect showcase for your personality. In this follow-up to the wildly popular Bend-the-Rules Sewing you will see how easy it is to alter fabric, making and using your own custom stamps; make stencils that will totally transform totes and tees; rescue tired clothes with a new dye job; and use appliques to spruce up anything that needs a little TLC. With Amy's familiar, friendly tone and valuable advice, you'll see every piece of fabric as blank canvas for your artistic vision!

About the Author AMY KAROL is an artist, author, and self-professed fabric junkie. Her writing and projects have been featured in Country Living, Sew Simple, Publishers Weekly, and BUST magazine, and her designs and creations have been displayed in galleries in Japan and throughout the United States. Follow her crafty adventures on her popular blog, Angry Chicken, found on her website www.amykarol.com.
