Better Homes and Gardens : Better Homes and Gardens Gardening Made Simple: The Complete Step-by-Step Guide to Gardening before purchasing it in order to gage whether or not it would be worth my time, and all praised Better Homes and Gardens Gardening Made Simple: The Complete Step-by-Step Guide to Gardening:

3 of 3 people found the following review helpful. Definitely worth having this in print and not on an E reader. It would not be the same.By April M.Like I have stated before...I love gardening. I just needed a source of information that would help be do what I love but do it better.These books come with complete information that a novice would want and the beautiful pictures not only help you understand but they truly are beautiful to look at.3 of 3 people found the following review helpful. Intro to GardeningBy CasanThis book is a basic intro to gardening. It covers just a few plants, of each type. If you want to grow orchids, or roses, you need to buy a special book. The title describes it perfectly: "simplified".5 of 5 people found the following review helpful. Better Homes and Gardens gardening bookBy Rosalie K. DossI ordered one and had one sent to a friend,who does not know much about gardening.I love this book,and mine got lost while I was packing and moving.It is a terrific book,and I found it cheaper on .com,than in

gardening speciality stores.

The ideal guide to getting started for every beginning gardener *Gardening Made Simple* is a comprehensive step-by-step guide to creating beautiful gardens, including all the basics of planting, growing, and caring for trees, shrubs, flowers, fruits, vegetables, lawns and other greenery. With plenty of clear and explanatory full-color photographs, it gives beginners the inspiration and simple guidance they need to achieve their green-thumb dreams. A helpful introductory section covers basic tools and techniques and shows you how to choose the right garden plans and plants for your Zone, prepare your soil, manage pests, and prune, mulch, fertilize, and water with ease. Includes more than 65 step-by-step gardening projects Features 145 easy-to-grow plants, including sections on container gardening, growing your own vegetables, fruits, and herbs, flower gardening, landscaping with trees, shrubs, vines, and groundcovers, and foolproof houseplants Features more than 1,200 color photographs throughout, including step-by-step photos and shots of finished projects, as well as colorful illustrations and easy plant-by-number diagrams Includes handy Ask the Garden Doctor question-and-answer content, and Better Homes and Gardens Test Garden tips throughout No matter your gardening experience and skill level, *Gardening Made Simple* provides the inspiration, insight, and advice you need to grow the garden of your dreams.
