**Ann Townsend, Terry A. Ricioli, Kathleen Hurley, Kathy Wirth, Joan E. Ray : Big Book of Coasters (Leisure Arts #5855)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Big Book of Coasters (Leisure Arts #5855):

0 of 0 people found the following review helpful. Cool CoastersBy Coralie TerryThere are some really neat coaster ideas in here. I love to follow the instructions here and to let them inspire me when I'm in a "writer's block" with my own patterns. I must say the Piano coaster has been a huge hit with those I've given it to. The book includes multiple levels of difficulty, which is nice too.5 of 6 people found the following review helpful. Big Book?By lamartoI must say the title of the book is misleading. I was very disappointed when I received the book and it was not the big book as

I expected. While I have enjoyed the few patterns in the book I have found that the colors for the patterns are hard to follow because they are not well printed ( my husband is a printer, so this is very noticeable to me ). I was expecting more patterns and thought this big book of Coasters would take care of my needs. Wrong. I also find that you really need to count the pattern yourself because some of the numbers are off in the book. Still I have enjoyed the book and choose my own colors for the patterns. There is one pattern in the book that you really need to be careful with because I have had comments that it is a Swastica ( probably spelt wrong),so maybe making it in multiple colors will solve that.I will say I received it in a timely fashion from and have loved purchasing items from .0 of 0 people found the following review helpful. Two StarsBy Holly BlackI was hoping they have a newer kinds.

These eye-catching coasters will keep you in stitches! From whimsical to elegant, the 43 designs in our 13 terrific plastic canvas coaster sets are so quick and easy to make that you can craft a set for every room--even the patio. You can add a decorative touch, reflect your personality, and protect your furniture--all at the same time! Beginning stitchers will love the full-color charts and simple-to-follow instructions, while those with more experience will appreciate the unique patterns. With such a wide variety of styles from which to choose, you're sure to find coasters for everyone!
