Barb Adams, Alma Allen : Birds of a Feather before purchasing it in order to gage whether or not it would be worth my time, and all praised Birds of a Feather:

I must admit that I don't know anything about quilting myself, so cannot comment upon its effectiveness for quilters in regard to the directions and charts, etc... But it is a beautifully illustrated book with lots of photographs of some pretty gorgeous quilts!! I've already found several that I'm hoping my mother might someday make for my home! The authors of this book also produce fabrics for quilters and crafters which are beautiful. They also design many beautiful counted cross-stitch charts and books with PERFECT directions on how to create finished projects (such as pincushions, needle keeps, various boxes and baskets, etc...). This book does have one counted cross stitch project in it that I could find, and I believe it was accompanied by directions for finishing the needlework into a pincushion. I think this would be a welcome addition to any quilting library.0 of 0 people found the following review helpful. Beauty in Hand AppliquBy Barbara J. MaceyFor any quilter interested in a years long

project of beauty skill building this is the perfect guide. 1 of 1 people found the following review helpful. Birds of a Feather By naturelover This is a beautiful book, I thoroughly enjoy just turning the pages and seeing. The additional information about the birds is a nice surprise and bonus. I love the designs and choice of fabrics. I need a change from machine decorated quilts, I now plan to spend a little longer with my quilts, because as we know it is the journey that counts, if not more than the destination.

Barb Adams and Alma Allen's "Birds of a Feather" was The Kansas City Star's 2006 block of the month project. The book celebrates our favorite feathered friends with 12 blocks, finishing instructions, plus an assortment of related projects including needlepunch, purses and a hooked rug.

About the Author Barb and Alma, of Blackbird Designs, are well-known for prior block-of-the-month books, "Celebration of American Life" and "Women of Grace and Charm." Their Fall 2005 release, "Home Sweet Home," continues to be a huge seller.
