before purchasing it in order to gauge whether or not it would be worth my time, and all praised Body Lotions: Learn How to Make Natural Body Lotions that Hydrate, Nourish, and Beautify Your Skin (How to Make Body Lotion - This is the ... Younger, Have Healthier Skin, and Save Money):

4 of 4 people found the following review helpful. A Good Deal About Your Skin In One PlaceBy CM9This book will serve helpful to those who need to know more about the biggest organ of the body - the skin!The first half of the book is geared toward education and application. Quite frankly, there is a good deal of info that has been aggregated for you to get answers on the fly as well as recipes to make yourself - natural lotions for a variety of skin issues.Think about how chemically driven even the most "eco friendly" lotions are on the shelf. There is nothing more natural than making the lotions you need in your own home.If you are interested in starting a business, the last part of the book will help you figure that out. I'm sure, for someone interested in the beauty and health markets, this part will be a big help.Overall, it is a fast read and can be used as a reference guide the next time you need to care for your skin, which is, to say, every single day.0 of 0 people found the following review helpful. Very Different IdeasBy MadeupaginThis book explains different need your skin needs. Very basic lotions included. Information on how to start your own skin care line - very basic. Two here I will try. Sagging asking and dark circles.0 of 0 people found the following review helpful. One StarBy Theresa TiptonDidn't make any

Body Lotions - How to Make Natural Lotions from Home Learn How to Make Natural Body Lotions that Hydrate, Nourish, and Beautify Your Skin Have you ever considered creating your very own skin and body lotions for personal or business use? Over the course of our lives, the integumentary system is exposed to UV rays, dirt particles, microbes, as well as internal issues that induce visible changes in the epidermal skin layer. Throughout the globe, many people have endured the plight of cellulite, dry and ashy skin, sagging skin, wrinkles, as well as myriad other skin conditions. For example, rashes, dry and itchy skin, and keratosis are common ailments that happen to afflict people. By reading this book, you will learn a few essential elements of skin care. 1. First, you will learn about the makeup of the integumentary system, how it works, and why skin care is so fundamentally important. Furthermore, you will learn about a variety of skin care tips that you can use to beautify your skin. 2. You will have the opportunity to learn about skin conditions that commonly afflict people, as well as their causes. 3. In the next section of the book, you will be given numerous skin lotion recipes designed to treat a host of skin ailments and cosmetic issues, including stretch marks, untamed hair, dry skin, cellulite, dull skin, elbow and knee dryness and much more. 4. You will also be given various skin recipes designed to treat basic and treatable conditions, such as keratosis. 5. And finally, you will be able to harness everything that you learned, and start your very own skin care business.
