Clare Yarwood-White : Bridal Jewellery (Jewellery Handbooks) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Bridal Jewellery (Jewellery Handbooks):

8 of 8 people found the following review helpful. No substance, just an overview By DamsellyStudio There is more to be offered about jewelry making on the Firemountain Gems website than there is in this book. The description of this book describes that it offers bridal specific ideas and tips for making bridal jewelry. Yes, it does show the making of a few basic bridal tiaras and hair pins. But any of this information is available on the internet, and not worth the \$22+ of the price of the slim volume. There is also a useless chapter on bridal engagement rings that can be found in every

bridal magazine. If you have had no experience in making jewelry, the techniques are shown are very minimal. If you have made jewelry and would like some HINTS on making a few tiaras, then if you want to spend this much to learn how to wire a few sprigs and attach it to a comb or headband, go for it. If you do make bridal jewelry already, then you could write this book. 0 of 0 people found the following review helpful. Didn't have the ideas I was expecting but good service from this company. By LEDLFlowers Older book. Didn't have the ideas I was expecting but good service from this company.

Bridal jewellery is, for many women, the most cherished jewellery they will ever own, linked to one of the most emotionally-charged chapters of their lives. This handbook provides an insight into the unique world of catering to this market, guiding the reader through the process of consulting, designing and making. Set out in the easy to follow handbook layout, the book includes simple tips as well as step-by-step demonstrations aimed at beginners or those looking to improve their skills. There is also a section on building up a business and a comprehensive appendix to make this both a long-term reference book and a valuable companion for the more entrepreneurial crafts person.

'For a great source of inspiration, look no further than "Bridal Jewellery"... Written for jewellery designers who want to branch out into the bridal market, it also contains easy-to-follow, step-by-step instructions for beginners.' Wedding (April 2007) 'Jewellery designers and creative brides alike will find inspiration from this new title... Packed with tips and easy-to-follow step-by-step instructions and illustrations, this is a great starting point for anyone wanting to create their own unique designs.' Wedding Cakes (2007) 'Packed full of information... if you have some [jewellery-making] experience and have wondered about venturing into the bridal market, "Bridal Jewellery" is a good place to begin your exploration.' About.com (September 2007) 'superb book' Perfect Day (April/May 2010) About the Author Clare Yarwood-White launched Yarwood-White in the Autumn of 2003, fusing her passion for jewellery design with a desire to create a successful business. Her jewellery has been featured in magazines and on television, and according to Vogue.com is "a guaranteed mood enhancer". Clare was Winner of the Best Wedding Accessory Designer award at the Wedding Ideas Wedding Awards in both 2006 and 2007, and from March 2007 the Yarwood-White Bridal Jewellery range will be on sale at Liberty, Regent Street.
