Not really worth owning, there are plenty of other good books on wedding bouquets like those by Paula Pryke, talmage McLaurin, Vic Brotherson, David Stark and Mark Welford.9 of 9 people found the following review helpful. Cute little book with good descriptions and some ideas.By A CustomerI was expecting a little bit bigger book with lots of ideas for bouquets for a wedding. There were some pages with pictures of flowers, their names, and what season they were available in. There is a little bit of advice on shopping for wedding flowers, but not much. I expected more from the editors of Bride's Magazine.6 of 6 people found the following review helpful. Cute Little Book with Great PicturesBy A CustomerI was having a hard time finding books with bouquets. Out of all the books I looked at, this book had the best pictures and ideas. I like the fact that they tell you the names of each flower. It also tells you which flowers are in bloom for each season. I found it very

helpful. A lot of info. in a very cute little book.
