This book has "The Bowling Machine" and "Brighter Than You Think," two of his best short works. The introductory text is really helpful, too. You learn where each piece was published and the circumstances that made it happen. This book is pretty fantastic. 1 of 1 people found the following review helpful. Four Stars By P. Nicholson Great collection of long out of print early works by comic book writing legend, Alan Moore. 0 of 0 people found the following review helpful. Five Stars By Jonathan carter Accurate description of product.

Brighter Than You Think is an essential collection of short stories by Alan Moore, the acclaimed author of several award-winning graphic novels including Watchmen, V for Vendetta, and From Hell. Spanning three decades, this diverse anthology shines new light on ten of Moore's long out-of-print comics. These forgotten masterpieces showcase Moore's creative versatility, intellectual curiosity, and unparalleled talent. Each story is accompanied by an insightful essay by Marc Sobel, who delves into Moore's ideas, influences, and inspirations.
