Not for the Beginner Box Maker but a Great BookBy DavidThe boxes in this book are not going to be easy for anyone just starting out in box making; however, it offers a great amount of detail in building, not only boxes, but creating your own decorative inlays. I was pleasantly surprised by the section on inlay creation.0 of 0 people found the following review helpful. No new material here.By Walter P BudrowThis is a difficult review. I have Doug Stowe's other books and have thoroughly enjoyed them. I was excited to see a "new" book from Mr. Stowe. I was disappointed that this book was just a collection of material previously published. For someone new to the author this would be a great addition (5 stars). For someone who has his other books on box making, it is more than disappointing (0 stars). I feel it is less than honest for the discription not to reveal the true nature of the contents, especially without being able to look inside and view the table of contents. For me it

wad a wasted purchase.0 of 0 people found the following review helpful. Beautiful!By C. DeGrootBeautifully illustrated with wonderful box ideas!

Think inside the box! Looking for a fun way to make use of those offcuts you've been saving? Making wooden boxes is a great way to use scrap lumber or exotic woods that can prove too expensive for larger projects. Boxes require a minimal amount of material but afford you the opportunity to learn and practice a range of woodworking techniques. Plus, handmade boxes make great gifts. Build 25 Beautiful Boxes features an array of gorgeous boxes for a variety of special uses. You'll find stunning designs for jewelry boxes and chests, boxes for pens, a wedding ring music box, boxes with unique shapes and distinctive gift boxes. Along the way you'll learn inlay and joinery techniques that can be applied to other areas of your woodworking. Inside you'll find: 25 art and heirloom box projects designed by a box-making master Step-by-step instructions for making inlay and using it to enhance your projects Great ideas for using precious wood scraps Helpful tips for sourcing wood Let this book be your guide and start making your own beautiful wooden boxes today.

About the Author Doug Stowe is a well-respected craftsman, teacher and author. He made a number of boxes that former Arkansas governor Bill Clinton presented as gifts of state when traveling to the Pacific Rim. Doug also sells custom boxes and he teaches boxmaking at several top woodworking schools, including Arrowmont, and the Marc Adams and William Ng schools, in addition to offering classes through his own studio. He is the author of 13 books and 3 videos and has written for Fine Woodworking, American Woodworker, Woodworker's Journal and Woodcraft magazines.
