Leonard Hospidor : Build a Christmas Village: Paper Houses to Make and Decorate for the Holidays (Easy Papercraft) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Build a Christmas Village: Paper Houses to Make and Decorate for the Holidays (Easy Papercraft):

20 of 20 people found the following review helpful. Five Stars By BuyerBuyerAwesome! 7 of 7 people found the following review helpful. The printed details are nice. Do not recommend using the glue provided By jonna murdock Was a little difficult to put together but definitely kept our girl busy for many hours. The printed details are nice. Do not recommend using the glue provided. It is too wet and makes the paper gummy and gooey quickly. Would purchase the item again. With a few additions the end result is really neat. 7 of 7 people found the following review helpful. Five Stars By N. Uyen Chi Love it.

Delight friends and family with an enchanting old-world village, festively decked out for the holidays. It's simple! Just punch the pieces, fold, glue, and add glitter to make a steepled church; English Tudor Revival home with a Shaker roof; New England-style Colonial; a bow-wow-wow doghouse; snow-covered trees, and more!

About the Author Leonard Hospidor is a recording engineer, photographer, and paper crafter. His travel photos have appeared in magazines like Yachting and Cruise Travel and in Thomas Cook guidebooks to Hawaii and New York City. This is his first papercraft book. <http://www.BuildaChristmasVillage.com>
