Trevor Bounford : Build Your Own Paper Air Force: Amazing Plane Designs to Print, Fold and Fly before purchasing it in order to gage whether or not it would be worth my time, and all praised Build Your Own Paper Air Force: Amazing Plane Designs to Print, Fold and Fly:

Create amazing paper planes with this aerodynamic book-plus-CD package! The CD contains detailed blueprints which can be run out on your home laser printer, and the book offers step-by-step guidance for turning them into an array of sensationally performing flying machines. Designs include: The Horned Goat, The Stingray, The Bat, and the

amazing Hexagon.
