before purchasing it in order to gauge whether or not it would be worth my time, and all praised Candle Making: Candle Making For Beginners The Complete Step-By-Step Guide To Making Beautiful, Non-Toxic And Scented Candles From Scratch! (Candles, Candle Making Business, Soap Making):

0 of 0 people found the following review helpful. Requires expensive tools and productBy katastrophe76Repetitive. No pictures. Immediately tells you to buy a presto kitchen kettle and states not to use a stove top but then never speaks of the appliance or how to use it again. Gives direction for the frowned upon double boiler? Recommends a lot of expensive dedicated candle making tools. Should give info on alternative options for the unprepared novice to utilize that I have read elsewhere work just as well if not better without a lot of expense. Good basic candle making steps and procedure though sometimes mixed up or contradictory.0 of 0 people found the following review helpful. Five StarsBy CustomerI love it0 of 0 people found the following review helpful. I like this bookBy CustomerI like this book, it teaches me how to make different things, i am so thankful for writing this book, and plus it is easy for beginners.
