The book was good, however, it did not show pictures of most of the finished products. I would have loved to see step-by-step illustrations on how to affix a picture to a candle.

If you are asking yourself "How do I make candles?" then this book will suit you perfectly. As one of my readers said: "I keep referring back to this candle making book time and time again." This candle making book will help those who have no knowledge of candle making make candles that they will be proud of. Home made candles can be made for gifts and it is a very cheap hobby due to the fact that the raw materials are cheap to begin with but any mistakes can be remelted to use again. "Candle Making Craft - How To Instructions, Equipment and Techniques" is designed to help a crafter with no experience in working with wax how to do so safely and to also make their first candles. You will find a list of candle making equipment, safety instructions and a range of projects to make for your first candle experiments. Before long you will be making all your gifts for birthdays, Christmas and more. Buy your full color book now at this low price and start a hobby that you will enjoy for ever.
