Paula Pryke : Candles: Home Decorating Workbooks with 20 Step-by-Step Projects on Fold-Out Pages before purchasing it in order to gauge whether or not it would be worth my time, and all praised Candles: Home Decorating Workbooks with 20 Step-by-Step Projects on Fold-Out Pages:

0 of 0 people found the following review helpful. Easy Candle decorating tips..With Pictures.By kikiSimple ideas on how to decorate using candles decorate around candles!9 of 9 people found the following review helpful. Excellent ideas and instructionsBy Tricia LeggI review a lot of floral art books and I have to say this is one of my top picks for anyone wanting to arrange flowers with candles ,in a modern and innovative way.Spiral bound with unique fold out clear instructions, in this book you'll find the simple, the innovative, the stylish, all with the WOW factor!

Each book in this new series contains stylish photographs of dozens of brilliant ideas for home decorations. Candles, by Paula Pryke, is filled with creative candle displays for all occasions.'

.com Elegance pervades this lovely guide filled with dozens of imaginative ways to decorate with candles. The author's background as an accomplished floral designer means that flowers (as well as fruits, berries, and other natural materials) play a prominent part in the beautiful projects. Stunning photos and good step-by-step instructions, complemented by detailed color sketches, simplify the process of making sconces, centerpieces, candelabras, and other candle-focused creations for everyday and holiday use. Styles range from rustic (rope and seashells holding a taupe beeswax candle; a driftwood sconce) to seasonal (spring blossoms trailing over a pillar pedestal; clove-studded oranges filled with votives) to sophisticated (a candelabra draped with velvet and grapes; a towering candlestick entwined with greenery and limes). Some of the arrangements are easy; others require patience and practice, but the excellent directions and the general techniques section provide all the needed information. In addition, a plant directory explains how to work with fresh materials, and a suppliers list offers extensive resources for candles and trimmings. --Amy Handy
