Karen McIvor, Sarah Mason : Chalking Stamping Techniques: Using Scrapbooks before purchasing it in order to gage whether or not it would be worth my time, and all praised Chalking Stamping Techniques: Using Scrapbooks:

0 of 0 people found the following review helpful. Good for beginners.By CustomerThis book is interesting for beginners.But if you are already familiarized with stamping techniques, like masking and hot embossing, this book is not for you.I would have liked it much more if I'd bought it years ago.1 of 1 people found the following review helpful. Nice for beginnersBy TroitskayaThis book offers only basic tips on how to use chalking and stamping supplies, thus it is more oriented on beginners.

Learn to create striking scrapbook layouts with this innovative, step-by-step guide to decorative chalks and rubber stamps. The basic techniques are illustrated with brief, clear instructions and helpful photographs. Hints are also provided for enhancing pages by attaching embellishments and adding journaling. Scrapbookers at any level of

experience will learn to use chalking and stamping separately and in combination to produce a kaleidoscope of stunning effects.

"Primarily aimed at scrapbookers, but all these ideas are easily adapted for card makers too." Papercraft Inspirations
