Charles I. Rostov, Jia Guanyan : Chinese Carpets before purchasing it in order to gage whether or not it would be worth my time, and all praised Chinese Carpets:

0 of 0 people found the following review helpful. Great stuff.By A. ReedFound exactly what I was looking for in this book. Great stuff.7 of 7 people found the following review helpful. The DEFINITIVE Book On Chinese Carpets.By sherri j. thorneThis is the definitive book on chinese carpets. Period. Before I bought my carpets, I bought this book so that I could learn about the characteristics of Chinese carpets: materials, dyeing, and knots per linear line. Each region has its own workshop and produces magnificent carpets, each with their own distinctive designs. This book also has an excellent chapter on Tibetan carpets, which is significant because when this book was published in 1981 the public really was not aware of thier beauty and value. If you are interested in a DEEPER examination of Chinese carpets and want to round out your collection of books on this subject, then add this one!

Book by Charles I. Rostov, Jia Guanyan
