Lee Lindeman : Circus Puppets before purchasing it in order to gauge whether or not it would be worth my time, and all praised Circus Puppets:

Create hours of playtime for adults and children by stitching four adorable puppets. These puppets, all stitched on seven-count plastic canvas, include Clem the Clown, David the Dog, Ted the Tiger and Lonnie the Lion. They are fun, colorful and all revolve around a circus theme. A story that can be used with the puppets or crafters for a puppet show is also included.

About the Author Lee Lindeman is a freelance designer who has been creating original plastic canvas designs for more than 25 years. She lives in Raleigh, North Carolina.
