**Hart House Creative : Cocktails on the Beach: A Grayscale Adult Coloring Book** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cocktails on the Beach: A Grayscale Adult Coloring Book:

If you like piña colodas and coloring the grey away... Pour yourself a cold drink, open up your copy of Cocktails on the Beach, and bring your fantasies to life as you imagine yourself relaxing on a beautiful tropical island without a care in the world. These grayscale images are designed to stimulate your creativity, improve your fine motor skills, and induce a state of calm meditative focus. Fine tip markers, colored pencils and watercolor mediums are all ideal for bringing these pages to life. COLOR The existing shading on grayscale pages creates a beautiful, rich color palette when blended with multiple shades of the same color. Using multiple variations of blue, green, yellow, etc. will allow you to

create a more lifelike final image.**MATERIALS** Colored pencils, watercolor pencils, blendable markers and crayons all work well for grayscale coloring. Use gel pens, fine tipped markers to enhance detail, and a watercolor brush or sponge for better blending technique. **BLENDING WITH GRAYSCALE** Try coloring over the darker gray areas with your darkest color shades for greater depth and saturation.**HAVE FUN**There is no wrong way to color.
