John Morrow : Collected Jack Kirby Collector Volume 3 before purchasing it in order to gage whether or not it would be worth my time, and all praised Collected Jack Kirby Collector Volume 3:

0 of 0 people found the following review helpful. PositiveBy PETER DIXONBook is in great shape.4 of 4 people found the following review helpful. Affordable format for the Kirby enthusiastBy BabytoxieThe importance of Jack Kirby to comics can never be overstated. The man redefined the medium's look and atmosphere. His high-energy renderings, amazing concepts, and "Kirby-tech" have influenced the style of comic artists for all time, whether they know it or not.TwoMorrows Publishing releases issues of "The Jack Kirby Collector" on a somewhat regular basis. If you can stand the wait, you can eventually pick up the trade-bound format containing several issues. The trade edition is a bit smaller (dimension-wise), but it's also much easier to store and more of a bargain. With these trades, you get page after page of Kirby art, as well as articles, and interviews with those who either knew him or were influenced by him. The art isn't just pin-ups and portraits - it also includes reproductions of entire pages of comic art (some as pencil

roughs), sketches, and unfinished projects for comics and animation. It can get a bit tedious at times, but there's always at least 2 interesting articles per issue. It's certainly a publication made more for the fan, but shouldn't everyone be a fan of ol' Jack? Even if you're not, I think this series does a great job of explaining to the casual reader just what made Kirby's art, vision, and storytelling so special.

This trade paperback reprints issues #13-15 of the magazine for Kirby fans, and includes a new special section with 30 pieces of Kirby art never before published in TJKC, including uninked pencils from Captain America, Thor, Jimmy Olsen, The Demon, New Gods, The Prisoner, and more! Go behind-the-scenes of Jack's career through interviews with Kirby, Dick Ayers, Chic Stone, Walter Simonson, Al Williamson, and Mike Thibodeaux, and see page-after-page of rare and unpublished Kirby art!

"The Jack Kirby Collector is sort of single-minded, obsessive, totally uncritical, slavish adulation, and it's brilliant!" -- Alan Moore, noted comics writer and author of Watchmen About the Author John Morrow is publisher of a full line of magazines documenting the history of comic books in America and abroad, and edits The Jack Kirby Collector, a bi-monthly magazine devoted to the life and career of Jack Kirby, comics most prodigious creator.
