Pamela E Apkarian-Russell : Collectible Halloween With Values (A Schiffer Book for Collectors) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Collectible Halloween With Values (A Schiffer Book for Collectors):

0 of 0 people found the following review helpful. Five Stars By Roy Zieger Jr. Great book for a great price and fast shipping. 0 of 0 people found the following review helpful. Ignore the ego By Autumn Harvest I bought this book last year, and find it very useful. The pictures aren't perfect, but the book was published almost 20 years ago. The author does add more opinion than necessary. If you can ignore her ego the book is a good resource. 11 of 11 people found the following review helpful. Collectible Halloween By A Customer The color photo's of the objects are clear and the sizes are large enough to see details. I would say buy this book if you want to view a variety. This is the only Halloween book that I've seen that has items from the 1920's to the 1990's. I would also purchase Halloween Collectables, by

Dan,Pauline Campanelli. In this book you'll see items that were made up to the 1950's, the color and size of the pictures are a bit better. I own both of these books, and wouldn't give up either one.

Take a peek, if you dare, into a small, dark corner of a 30-year-old collection and an archive of Halloween collectibles, artifacts, and associated items. The author has been studying, archiving, researching, and writing about the subject for most of those years and is the accepted authority in the field. Halloween, the ultimate fantasy holiday is much like the autumn foliage: full of riotous colors, memories of seasons past, and the enjoyment of the beauty of the moment. Behind every falling yellow and red leaf is not a gust of wind but a mischievous woodland sprite. A sprite you might see on a Halloween night or in the pages of this book.

About the Author Pamela is a prolific writer and has a shop in Winchester, New Hampshire.
